RETAIL PRICE POLICY

In order to conform with present day trends, we have abandoned strict price maintenance in favour of the alternative system of listing recommended retail values for all items, excepting any price maintained proprietary articles catalogued and factored by us. Customers making purchases from us in person will be charged at the prices listed herein or current at the time ; those who purchase through their local Dealer or through our Mail Order Dept., are advised to expect a reasonable on-charge to cover costs of transport.

TERMS OF BUSINESS

WARRANTY

Our goods are made for real service. If any article of our manufacture supplied through our trade friends or direct from us is unsatisfactory by virtue of bad material or workmanship, we are prepared to accept its return and replace it or refund the value.

SERVICE

We are always pleased to refer enquirers to the Parker-Hale stockist in their locality.

PRICES

On goods liable to Purchase Tax, the Recommended Retail prices listed herein include the due amount, but exclude Postage and Packing charges : Mail Order customers are requested to make their remittances adequate to cover transport charges, to obviate delays in execution of their orders.

HIRE PURCHASE

We offer limited facilities for the purchase of goods not under a value of £15 (excluding gas or air operated weapons) to approved accounts.

ORDERS

If placed verbally, should be confirmed in writing. They are accepted on the understanding that goods will be charged at prices ruling on the day of despatch.

PRIVATE ACCOUNTS

Customers are respectfully advised that for economic reasons we are unable to despatch goods to the value of £2 or under (excluding purchase tax) unless a remittance sufficient to include transport charges accompanies their orders ; due to the heavy costs of processing small orders we now make a MINIMUM CHARGE of 5/- inclusive of postage and packing.

CASH CUSTOMERS

Goods of greater value than the minimum 5/- mentioned above are likely to suffer delay in despatch if remittances received are insufficient to cover both the value of the order and packing and transport costs.
